(1) The building proposed to be constructed is not a Sanatorium open to all patients but primarily intended for the segregation of sisters of the community suffering from Tuberculosis. The analogy of Gubbi Maternity is not tenable, in as much as the latter is an institution managed by Government, with the aid of quotas from local bodies. In these circumstances, the land now required for the proposed building may be acquired under the same procedure as that previously adopted in the case of the Seminary. A small nominal grant from Government may be sanctioned therefor.

Dear Mr. Noronha

In the visit you paid to us at the end of August you advised us to send a reminder to the Deputy Commissioner concerning the plot of land we wish to acquire in Malleswaram. Our Rev. Mother wrote that reminder before her departure, but we received no reply. We are anxious to get the land soon, so that we may start building when the rainy season is over. We shall be very grateful, if you kindly help us once more in this connection. Please excuse us for the trouble.

The news of Our Rev. Mother are very good. We expect her come back within two months.

Yours thankfully,

The papers in the Project + B. Land Scheme at Malleswaram. The matter is pending in the Secty. as a difficulty has arisen owing to the fact that funds for the acquisition are being provided by a private body. Under the Regulations the acquisition should be for a public purpose (i.e. a town or village) & the funds should be from the Public Fund or a Company. Enquiries are always being made as to procedure adopted in the case of the land acquired for the Seminary.

Dear Mother Renee,

Thank you for your letter of the 3rd instant which I saw only on the 8th on my return from Delhi and which I submitted to the Dewan.

I am desired to inform you that the delay in regard to the acquisition of the land you require is due to the fact that under the Land Acquisition Regulation land cannot be acquired for a private party, i.e., other than for Government, a public body, such as, a District Board or a Municipality or a Company. Government are, however, considering how best to get over the difficulty and will dispose of the matter as early as possible. The Dewan much regrets this unavoidable delay. If it were Government land, there would have been no difficulty, but it being private land which has to be compulsorily acquired the above difficulty has cropped up.

I am glad to hear that Rev. Mother has recouped her health and is expected back soon.

SIR,

Subject:-

With reference to correspondence ending with your letter No.G.M.24/Med. 51-36-2 dated 8th September 1936, directing that the same procedure as was adopted for the acquisition of the lands for the Seminary may be adopted in the case of the lands required by the Rev. Mother Anastasie in Kethumaranahalli village, for a sanatorium &c., I have the honour to state that it is seen from the Registers &c., of this Office, that lands were granted twice to the Seminary, once in the year 1929 on the levy of an upset price of Rs.400/- per acre, when an extent of 24A - 8G. of land was granted as per Government Order No.R.444-5/L.R.611-28-4 dated 19-7-1929 and again, when some lands had to be given in exchange for the land in the possession of the Seminary acquired by Government, for laying a pipe line from the Thippagondanahalli Dam to the combined Jewell Filters.

It would therefore appear that what was done in the case of the Seminary cannot be adopted in the case of the lands now required by the Rev. Mother Anastasie. In the case of the first grant, of 24A. - 8G, the lands sold to the Seminary were entirely the property of Government, and Government fixed the upset price for the lands. In the second instance, Government took possession of certain lands belonging to the Seminary, for the use of the Water Supply Division, and adopted regular acquisition proceedings.

The estimated value of the land has been already got

got deposited by the Rev. Mother Anastasie. The establishment of a Sanatorium is generally in public interests and in that sense, may be deemed to be for a public purpose. It seems to me that, in the circumstances of the case, if there is no legal objection, the amount deposited by the Rev. Mother may be credited to Government and the amount readvanced again from State Funds, to meet the cost of the acquisition This may, if necessary, be also supplemented by a nominal small grant directly from State Funds to strictly comply with the provision in the Land Acquisition Regulation.

I have the honour to be,

Your most obedient servant,

DEPUTY COMMISSIONER.
